CITY DECLARES FISCAL EMERGENCY TO ENABLE A BALLOT MEASURE FOR UTILITY USER TAX UPDATE AND INCREASE

Staff brought forth a list on revenue enhancement measures that were compiled from previous public discussions, as well as staff recommendations, for City Council consideration and direction to staff on January 29. The most significant and immediate next steps are for staff to bring back a resolution of a fiscal emergency for Council consideration on February 12, 2013, to begin drafting a ballot measure for a 2% increase in the Utility User Tax (UUT) and to bring back a contract with Lew Edwards & Associates to assist with the ballot measure to be placed on a ballot for voter consideration. Staff is recommending that we go for a June 4, 2013 election so that we will know what our 2013-2014 funding will be before approval of the budget in late June.

On February 12, the City Council unanimously declared a fiscal emergency. The reason for the fiscal emergency is a projected structural deficit in the City's general fund for FY2013-14 of \$1 million to \$1.2 million. This is not new news. About \$1.2 million of one-time money was used to balance the FY2012-13 budget, and while additional sales tax revenues of about \$250,000 is projected for FY2013-2014 and some costs can be reduced, projected increases in retirement and health care benefit costs will offset those impacts. Since there is only about \$600,000 of unbudgeted general fund cash remaining and any unexpected expenses will further reduce that sum, one time monies will not be available to balance next year's budget and avoid severe cost cutting measures. With retail development and residential development in the cue, it will still be two years before a new Safeway and other stores and restaurants can provide additional sales tax and all new development can provide additional UUT.

PG&E SELECTED AS BEST BIDDER FOR PURCHASE OF THE HERCULES MUNICIPAL UTILITY

On January 9, 2013, the City of Hercules opened sealed bids for purchase of the Hercules Municipal Utility (HMU), a municipal electrical utility owned and operated by the City since December 2002. The bid submitted by Pacific Gas and Electric Company (PG&E) has been selected as the highest and best bid.

The City of Hercules has decided to sell HMU in order to focus on delivering core city services and to find a utility company with the ability to provide electric services on a more efficient,

reliable and cost-effective basis. The City intends to retire the HMU bond debt with the proceeds from the sale.

On June 5, 2012, the residents of the City voted to pass Measure N, authorizing sale of the HMU. Measure N was approved by 77% of the votes cast. On August 28, 2012, the Hercules City Council adopted procedures for accepting bids for sale of the HMU, as required by the California Public Utilities Code.

In accordance with those procedures, representatives for the City and PG&E are currently engaged in confidential negotiations to prepare the Asset Purchase Agreement containing all of the necessary terms and conditions for the sale. The Asset Purchase Agreement will be released for public review before it is submitted to the Hercules City Council for approval. The City Council is expected to take action on the sale this spring. PG&E would then seek regulatory approval for the transaction.

REAL PROPERTY PROJECT UPDATES

Sala Restaurant Site: Sala Restaurant has closed. The City has possession and is finalizing a termination agreement with the tenant. The restaurant was losing money and unable to meet its financial obligations. On February 12, the City Council directed staff to draft a request for proposal to lease the space and bring back a draft for community and City Council input on February 26. Staff has received inquiries from a number of chefs interested in leasing the building.

Victoria Crescent: The City Council, acting as the Successor Agency to the Hercules Redevelopment Successor Agency Board, and the Redevelopment Oversight Board have approved an Amendment to the Purchase and Sale Agreement with City Ventures, which has extended the Feasibility period to March 31, 2013. No other dates or terms are affected. City Ventures, the Victoria Crescent buyer/developer, held a community meeting at the Ohlone Community Center on Thursday, February 7th from 6-8 pm to provide information and receive community input. A second community meeting will be scheduled soon.

Sycamore Crossing: A Purchase and Sale Agreement (PSA) was entered into with Property Development Centers (PDC) in January. PDC is a wholly owned subsidiary of Safeway and plans to build a 55,000 to 65,000 Safeway store and gas station near San Pablo Avenue, with another junior anchor, restaurant and shop space to compliment the supermarket.

Negotiations for removal of the deed restriction on a portion of the site are still in progress; but at this point Safeway, PDC and the City are focusing on a podium design for the store on the non-deed restricted portion of the site and PDC is marketing future retail and restaurant space as well as discussing residential options for the Sycamore Avenue frontage, which could be retail or residential depending on site constraints and leasing efforts.

Two community meetings have been scheduled to provide a status on the site planning and get input on same. PDC has arranged for these meetings at Hercules Senior Center on Saturday morning, March 2 at 10:00 am and Thursday evening, March 7 at 6:30 pm.

Parcel C: An Amendment to the Purchase and Sale Agreement (PSA) was approved by the City Council on December 4th to extend the Feasibility Period under the PSA to February 1, 2013 in order to provide time to craft a second, more substantive amendment to deal with bureaucratic delays caused by AB 1484. However, the City and the buyer/developer were not able to come to mutually acceptable terms due to delays created by AB1484 and the need to restructure debt encumbering the property. Therefore, staff is working on restructuring the existing debt and has commenced discussions with a number of potential buyers. On February 12, in closed session, the City Council directed staff to have the brokers commence another Request for Proposals process and cast a wide net for potential uses and buyers.

Parcel C and Victoria Crescent are the two properties being sold under a court approved \$6.5 million writ of attachment to settle the Ambac lawsuit, so time is of the essence in order to fulfill the requirements of the court sealed settlement to pay Ambac, as well as to pay Oliver & Company nearly \$2 million secured by Parcel C. The Oliver payment is due by March 31, 2013. Staff is in discussions with Oliver to renegotiate the schedule as well as with other potential lenders to restructure the debt.
