MEASURE A – UTILITY USER TAX “FAQ”

The City is projecting a \$1.2 million structural deficit for fiscal year 2013-2014 due to low property tax revenues, state money grabs and increased cost of employee pensions and health insurance. The City of Hercules Fiscal Accountability/Services Protection Measure will be Measure A on the June 4, 2013 Special Election ballot. This measure is an update and temporary 2% increase in the City’s Utility Users Tax for five years. If passed, the funds generated will be adequate for the City to balance its annual budget and maintain our own Police Department. For a list of frequently asked questions and the answers, check the City website or e-mail the City

Manager at sduran@ci.hercules.ca.us. Also, if you would like to have someone answer questions at your HOA, club or other group setting, please e-mail the City Manager.

BUDGET DISCUSSION SCHEDULED FOR MAY 14th CITY COUNCIL MEETING

The first draft of the fiscal year 2013-2014 budget will be on the City Council meeting agenda for discussion and direction to staff on May 14th. Budget Plan A assumes the passage of Measure A on June 4th and maintains the Police Department at present staffing levels. Budget Plan B assumes that Measure A fails and provides for contracting for police services with the County Sheriff and reducing sworn and unsworn police staffing. Under Plan B, a number of Parks & Recreation programs will also have to be eliminated.

The fiscal year 2012-2013 budget was balanced using \$1.2 million of one-time money that will not be available for fiscal year 2013-2014, as funds for replacement of vehicles and IT equipment is running dangerously low. Although revenues and expenses for 2012-2013 are right on track and unemployment insurance costs will be trimmed in 2013-2014, retirement and health insurance costs will increase, offsetting other savings efforts.

PLANNING DEPARTMENT UPDATES

Planning Commission Workshops: Following its regular meeting on Monday, May 6, the Planning Commission held a community workshop to discuss with members of the public the issues surrounding the City's vision as expressed in the various sets of long-term plans and how potential development relates to that vision. In order to develop a set of recommendations around how to reconcile the City's vision, plans, and proposed projects, the workshop attendees agreed to continue the discussion as a series of workshops to follow each of the regularly scheduled Planning Commission meetings through August of this year. In order to accommodate both the regular meeting and the workshop in a single evening, the Planning Commission agreed to start its regular meetings one hour earlier, at 6:00 p.m., and to commence each workshop as soon as each regular meeting concludes. The attendees also agreed that the second workshop, scheduled for May 20, would be an appropriate time to review and assess the status of both the Hercules General Plan and the Central Hercules Plan. Attendees are encouraged to review both documents prior to the workshop and come prepared with questions and comments."

Telecommunications Consultants and Ordinance Update: Staff hopes to soon schedule a Planning Commission workshop to solicit community input about updating the City's telecom ordinance. Staff is working with the Center for Municipal Solutions (www.telecomsol.com) to draft an updated telecommunications ordinance for Hercules. CMS is also currently assisting the City with reviewing and processing a couple applications for expand and upgrade existing telecommunication installations and upgrades at near the crest of Turquoise Drive, on the ridgeline that divides Hercules and Pinole. Hearings for those projects will be scheduled for June.

REAL PROPERTY PROJECT UPDATES

Parcel C: This 17 acre parcel located about ¼ mile from the proposed Intermodal Transit Center site is one of three properties being sold under a court approved \$6.5 million writ of attachment to settle the Ambac lawsuit, so time is of the essence in order to fulfill the requirements of the court approved settlement to pay Ambac, as well as to pay Oliver & Company nearly \$2 million secured by Parcel C. The Oliver payment was due by March 31, 2013, but Oliver has not initiated foreclosure. Staff is in discussions with Oliver to renegotiate the schedule as well as with other potential lenders to restructure the debt.

This site had been in contract, but the buyer did not choose to go beyond its extended due diligence period because of uncertainties created by the need for state Department of Finance approval under AB 1484. The property has been re-marketed for all potential uses, again, for the last couple of months. With offers now in hand, staff will be recommending next steps to the City Council in the scheduled May 14, 2013 closed session.

Town Centrale: On April 9, 2013, the City Council approved an amendment to the Purchase and Sale Agreement (PSA) to extend the close of escrow until July 31, 2013 to provide time to obtain construction and emergency access easements on “R Alley” adjacent to the property and to give the buyer time to value engineers the project to reduce costs.

On Wednesday, April 17, Mayor Delgado and I met with the Bayside HOA to provide information on the adjacent project and explain the need for construction and maintenance easements. The HOA board considered a draft easement agreement on May 8 and advised staff that their attorney will be in touch. Staff has engaged an appraiser to provide an estimate of value for the easements.

AMBAC LAWSUIT AND OLIVER NOTE UPDATE:

Ambac and the City have extended the performance date on the court approved stipulation to June 13, 2013 and are negotiating an amended stipulation to further extend for time and to provide for the requirements of AB 1484. The property attachment that is part of the current stipulation is set at \$6.5 million, but the amount due at closer to \$5.5 million. Staff and Ambac met with the Department of Finance staff in Sacramento on April 15 to discuss the disposition of properties owned by the City as Successor Agency and expediting the approval of real estate to meet the requirements of the court approved stipulation that former Redevelopment Agency properties are sold expeditiously.

The properties in question include Sycamore Crossing, which is in contract with Property Development Centers/Safeway to build a Safeway anchored Shopping Center, Victoria Crescent, which is in contract with City Ventures to build single family detached homes for sale, and Parcel C, which is out of contract and being marketed for all potential uses. Any proceeds of these sales will go toward financial obligations of the obligations the former Redevelopment Agency. Although no sales proceeds will go to the City, the fees, sales tax and utility user tax that will be

created by the development of these properties will go a long way toward stabilizing the City's finances over time.

HERCULES MUNICIPAL UTILITY DISPOSITION SCHEDULE

The City's negotiations with Pacific Gas & Electric Company for the sale of Hercules Municipal Utility are proceeding close to schedule and staff anticipates having an Agreement on the City Council agenda for consideration on May 28, 2013.
