MEASURE A – UTILITY USER TAX PASSES

Measure A was passed by the people of Hercules on Tuesday, receiving 70.96% of the vote. Measure A will provide short-term funding for City services with a temporary five-year, 2% increase to the existing utility users tax. It updates the definitions for various utilities, equalizes the treatment of telephone services, and activates the UUT on video programming.

FISCAL YEAR 2013 – 2014 BUDGET

The second draft of a proposed City budget was discussed by staff, the City Council Finance Subcommittee, the Measure O Oversight Committee and the Citizen's Finance Committee on June 5th. Thanks to the passage of Measure A, the proposed budget is balanced with no layoffs and no use of one-time money. The committees unanimously recommended that The City Council adopt the fiscal year 2013-2014 budget as presented. The City Council will review the budget on Tuesday, June 11th.

HERCULES MUNICIPAL UTILITY DISPOSITION

On Tuesday, May 28, the City Council approved and the City executed a contract to sell the assets of Hercules Municipal Utility to Pacific Gas and Electric Company (PG&E) for a purchase price of \$9.5 million. Under the Asset Purchase Agreement (“APA”), it is anticipated that, based on the current market value of the bonds, the net proceeds at close will be sufficient to retire the HMU Bond debt—assuming a timely close and a successful bond tender. Timing is critical because debt service obligations will continue to burden the City until the sale has closed, PG&E has paid the purchase price, and the HMU Bonds have been extinguished. There is a lot of work left to do, but this is a major milestone for the City’s financial recovery.

AMBAC LAWSUIT UPDATE

Ambac and the City have extended the performance date on the court approved stipulation to July 30, 2013 and are negotiating an amended stipulation to further extend for time and to provide for the requirements of AB 1484. The property attachment that is part of the current stipulation is set at \$6.5 million, but the amount due at closer to \$5.5 million. Staff and Ambac met with the Department of Finance staff in Sacramento on April 15 to discuss the disposition of properties owned by the City as Successor Agency and expediting the approval of real estate to meet the requirements of the court approved stipulation that former Redevelopment Agency properties are sold expeditiously.

The properties in question include Sycamore Crossing, which is in contract with Property Development Centers/Safeway to build a Safeway anchored Shopping Center, Victoria Crescent, which is in contract with City Ventures to build single family detached homes for sale, and Parcel C, which is out of contract and under negotiations. Any proceeds of these sales will go toward financial obligations of the former Redevelopment Agency. Although no sales proceeds will go to the City, the fees, sales tax and utility user tax that will be created by the development of these properties will go a long way toward stabilizing the City’s finances over time.

BAYFRONT INTERMODAL TRANSIT CENTER PROJECT UPDATE

The “Hercules Bayfront Project” will develop a 42.36 acre portion of the Hercules Waterfront District master Plan (WDMP). It is a transit-oriented, mixed-use neighborhood that includes a variety of dwelling unit types with businesses, an associated system of walkable streets, pedestrian interconnections, and public plazas with bay views. The City portion of the project includes the Intermodal Transit Center (ITC) and other public improvements, including the extension of John Muir Parkway and the construction of a major Bay Trail segment.

TIGER Grant Opportunity: On Monday, the City of Hercules submitted an application for \$24.7m in funds. With only a little over four weeks to pull together the grant application, this would have been unachievable without the support, advocacy, and resources provided by the Contra Costa Transportation Agency (CCTA), East Bay Regional Park District (EBRPD), Gray Bowen, and

Hercules Bayfront, LLC. The ITC has widespread support amongst local, regional, state, and federal officials, agencies, and organizations. So far, the application received letters of support letters from:

- Congressman Mike Thompson
- Congressman George Miller
- Department of Housing and Community Development
- Union Pacific Railroad
- Senator Loni Hancock
- Senator Mark DeSaulnier
- Senator Lois Wolk
- Assemblymember Nancy Skinner
- Assemblymember Susan Bonilla
- Contra Costa County, Board of Supervisors
- Caltrans
- San Joaquin Joint Powers Authority
- West Contra Costa Transit Authority (WestCAT)
- Contra Costa Transportation Authority
- West Contra Costa Transportation Advisory Committee
- East Bay Regional Park District
- East Bay Leadership Council (formerly Contra Costa Council)
- Hercules Bayfront Task Force

In addition to 8,000 feet of new third track and replacement of the Union Pacific Railroad Bridge including realignment of Main Tracks 1 & 2, Hercules will use the TIGER funds to complete its rail station, access bridge, platform, grade separation walls, railroad signal work, and platform emergency vehicle access. In cooperation with the East Bay Regional Park District, Hercules will also construct the San Francisco Bay Trail – Pinole Shores gap closure.

One Bay Area Grant (OBAG) Opportunity: On June 5th, the Planning Committee for the Contra Costa Transportation Agency (CCTA) recommended approval of a list of projects to be forwarded to the full CCTA Authority on June 19th and subsequently to the Metropolitan Transportation Commission (MTC) by June 30th for funding under the OBAG Program. Under the competitive program, the ITC is ranked eight out of twenty-two applications received and will receive \$2.5m in funding should the Authority and MTC uphold the recommendation. In addition to the competitive program, the City will receive \$701k under the Local Streets Preservation Funding for a project contemplated on Refugio Valley Road.

Construction: As authorized by the City Council on May 28th, a notice of award was sent to Evans Brothers, Inc. for the Bay Trail / Path to Transit – Site Preparation Project and a pre-construction meeting was scheduled for next week.
