

Safety Element & Hazard Mitigation Plan

Community Workshop – Sept 25, 2019

What are we doing?

General Plan – Safety Element

Content Update Required by State OPR (Office of Planning and Research)

- Fire
- Flooding
- Land Use
- Public Buildings
- Seismic Hazards
- Soil Instability
- Transportation Routes
- Water Supply
- Climate Change and Assessment

What else are we doing....?

City of Hercules Hazard Mitigation Plan.

The purpose of the Stafford Act, as amended by the Disaster Mitigation Act of 2000, is “to reduce the loss of life and property, human suffering, economic disruption, and disaster assistance costs resulting from *natural disasters*.”

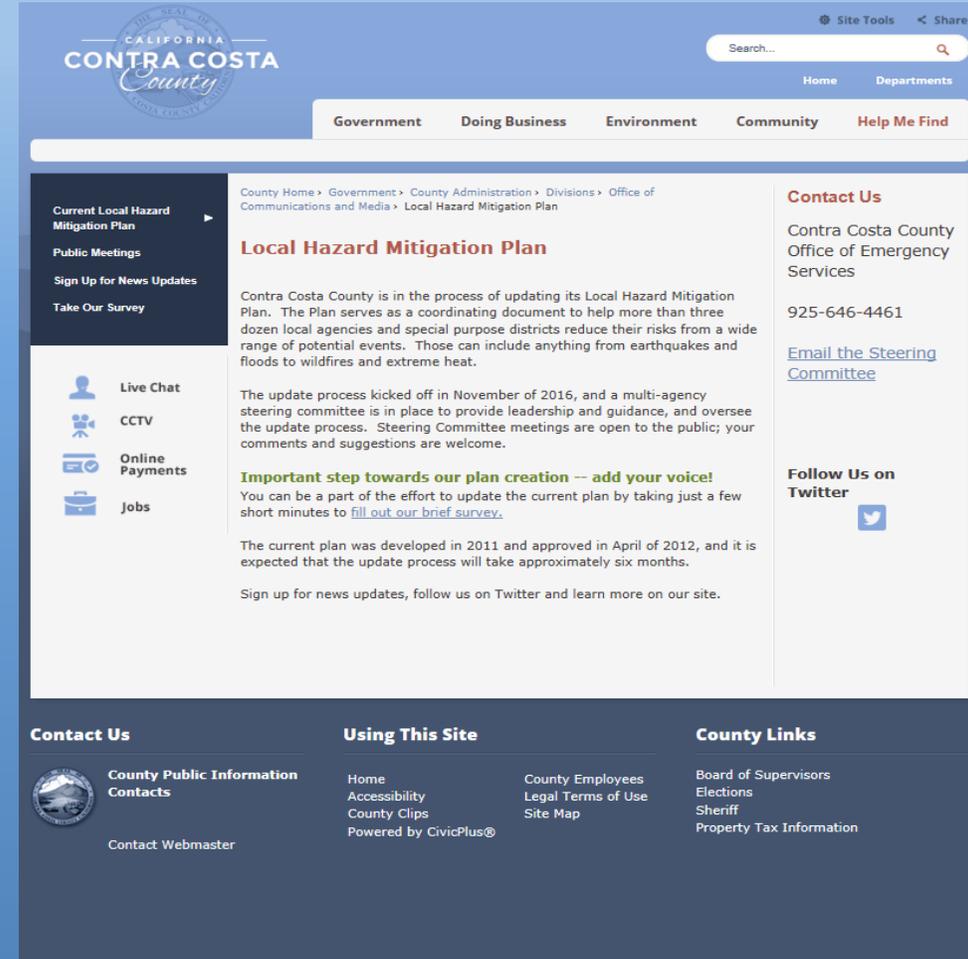

Section 322 of the Act requires state and local governments to prepare multi-hazard mitigation plans as a precondition for receiving FEMA mitigation project grants.

Timeline to Adoption

Public Outreach Opportunity

- Kick-off Community Workshop (today).
- Survey upcoming - to determine public perception of risk and support for hazard planning.
- Reach out to key stakeholders and partners for input into the Plan.
- Modify website to include activities, draft, and final Plan.
- Public Workshop with draft Hazard Mitigation Plan.
- Public Workshop on draft Safety Element
- Public Hearing(s) on draft Element and draft Plan

Questions

1. What types of disaster are you and your family concerned about?
2. What issues and response do you believe will arise out of and be needed during a disaster?
3. Are you and your family prepared for a disaster, how have you prepared for fire, flood, landslide, earthquake, and rail derailment, or other?
4. What do you believe should be the City priorities regarding a disaster?

Thank you!

City of Hercules
